## WHAT SETS US APART

Personalised • Career focused  
Connected and interactive • Innovative  
International • Diverse • Interdisciplinary  
Continuous assessment

“ As someone who throughout secondary school relied on memory and never properly studied, I was in for a rude awakening with the transition into university! This BA Prep programme helped me develop a good work ethic and learn how to study and find which methods worked best for me. It also helped improve my academic writing skills. In one semester, I learned many skills that I still use on a daily basis. Since it was a small class size, the teachers knew the students and their weaknesses and were able to adapt to what each student needed. ”

- Juliana Saunders, BA Prep student
